## A VOTE FOR SYLVAN J. LADNER, JR. IS A VOTE FOR GOOD GOVERNMENT

As we enter the final week of the second primary I would like to take this opportunity to thank each and everyone for the hard work they have performed in my behalf of my election to the office of Sheriff and Tax Collector. I also want to thank everyone for the kindness you have shown me when I came to your home asking for your vote and support.

The fact that I received such a tremendous lead of over 450 votes more than my nearest opponent in a race with eight other candidates is indeed heartwarming and deeply appreciated.

The office of Sheriff and Tax Collector is the highest executive office in the county and carries with it a large measure of responsibility for the welfare and safety of the citizens of the County. Any man aspiring for this high office must recognize the importance of these responsibilities and be prepared to discharge them in accordance with the law.

I think I am the most qualified and experienced man in the race. I have served seven years as Commissioner and Tax Collector of the City of Bay St. Louis and four years as Sheriff and Tax Collector. I gave you the best service that I could, and I believe this experience and training places me in a position to serve you again in a more efficient and courteous manner.

The next four years will be four of the most important years for the people of Hancock County. It is reported in Sunday's newspaper that the Federal Government will spend more than \$10,000,000 at its Mississippi Test Facility in Hancock County. This will be the scene of a great amount of activity within the next four years. This rapid growth of our county will bring with it many problems to the Sheriff and Tax Collector Department. I have the experience to handle these problems as they arise. In the process of having this growth we welcome the large number of desirable new citizens coming to our County from all parts of our country. Not welcome is these smaller but organized criminal elements.

When I entered the race for Sheriff and Tax Collector in 1955, I pledged to the people that speed traps would not operate on our highways, and that rackets and skin games would not operate in Hancock County. If you will check my record you will see that I kept my pledges and they did not operate when I served, and they will not operate if I am elected as your Sheriff and Tax Collector again. I will not allow my deputies to prey on the traveling public and give cause to the various travel agencies to give our county a bad name because of speed traps.

Remember the vote you cast on August 27th, is for four years. Stop and think, but do not throw your vote away on inexperience and one who is not qualified to serve you.

I believe the voters should weigh carefully the qualifications of the candidate offering for this office. Judge him by present and past performances in his occupation. If you do not do this now it will be too late to consider after the votes have been counted. It will be four long years before you have another election and can make a change.

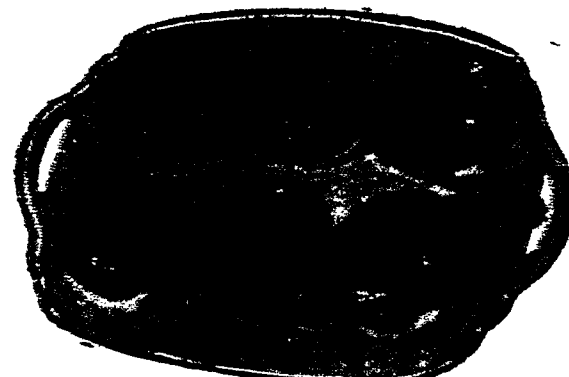

I sincerely ask that you consider my qualifications and my experience between now and the August 27th Second Primary. Only with the vote and support of the majority of our citizens will I have the opportunity once again to serve you. A vote for Sylvan J. Ladner, Jr. will be a vote for an experienced man to serve as your next Sheriff and Tax Collector.

Happy birthday wishes are extended this week to Ronald Mauri, who celebrated August 19, and Terrell Ladner, who was 19 on August 10. Terrell celebrated August 10 with a party at his home in Bayou La Cade, given by his parents, Mr. and Mrs. August Ladner.

Some of those attending the party from Lakeshore and Clermont Harbor were Maria Peterson, Mary Skinner, Mrs. Elsie Dawsey, Brenda Lafontaine, Mrs. Betty Lombardo, and Mrs. Melvin McCordle.

Mrs. Joyce Garcia, who has been ill for some time now, was transferred to the Gulfport Hospital this past week. She expects to be there from six to eight weeks.

Mr. and Mrs. Bert Thornton and family of New Orleans spent this weekend in their home in Ansley.

Congratulations are extended this week to Vickie Green, as his beautiful Mare is now a proud mama, as of Sunday morning.

Mr. and Mrs. Eddie Preameaux of Biloxi spent Sunday visiting with Mr. and Mrs. Ray Skinner of Ansley. Margie, Mr. and Mrs. Skinner's

Jimmy and Gary Brown, sons of Mr. and Mrs. Chas. Brown and were happy boys when they stuck the 4 pound flounder shown above last week.

They love floundering and soft shell crabbing.

youngest daughter returned home with them after spending almost two weeks in Biloxi.

St. John's Church will hold its annual fair on August 31 and September 1. Everyone is invited to attend, as they are trying to raise money to help pay the debt on the new church.

They also wish to inform everyone of a rummage sale now being held in St. John's Parish Hall. Some lovely things have been donated to this worthy cause, and anyone interested in this please phone Mrs. Vladimir Fusch Jr. at 487-5683.

Mr. and Mrs. George Parr Sr. of Lakeshore had as their guest this weekend their son George Jr. and family of New Orleans.

Mr. and Mrs. George Green and family are spending a few weeks in Philadelphia, Penn., visiting with their daughter, Connie Ray and her husband.

## Personals

Mr. and Mrs. Otis Winnard and Mr. and Mrs. Sidney Ball will be hosts at the 25 couples monthly dinner Saturday night at Haverty's Restaurant, Waveland.

ANNOUNCE  
ENGAGEMENT

Miss Jean Carolyn Gatewood, daughter of Mr. and Mrs. Kenneth Gatewood of Kiln, Miss., formerly of New Orleans will be married August 24th at 11:00 A. M. to Mr. Joseph Vernon Haas, son of Mr. and Mrs. Vernon Haas of Cyril, Oklahoma.

The wedding will take place in the Church of the Annunciation of Kiln.

She is a graduate of Warren Easton High School of New Orleans and formerly employed by Southern Bell T&T Company in New Orleans but has been transferred to the Gulfport office. Mr. Haas is a graduate of Cyril High School and attended Pearl River Jr. College last year and plans to resume his studies there this year.

## ANNOUNCE BIRTH

Mr. and Mrs. James Riordan announce the arrival of their first child, a son, James Jr., August 17, in Hotel Dieu. He weighed eight pounds, six ounces.

Mrs. Riordan is the former Brenda Brechtel, daughter of Mrs. William Brechtel of Waveland and New Orleans and the late Mr. Brechtel.

## WHO WAS CITED FOR CONTEMPT?

In desperation before defeat, and in an effort to belittle the brave and gallant stand of Lt. Gov. Johnson against Federal Marshals at Ole Miss, J. P. Coleman has, within the last few days, widely circulated a large photo of Lt. Gov. Paul B. Johnson shaking hands with U. S. Marshall McShane at Oxford — and in bold headlines saying, "Let's Tell The Whole Truth, Paul."

The answer is plain and simple, and can be best illustrated thusly:

## SIMPLE EXAMPLE

A few weeks ago, world champion, Sonny Liston, met challenger Floyd Patterson in a championship fight. Just before the fight, Liston shook hands with Patterson. A few (very few) seconds later, the champion, Liston, knocked Patterson down three times and almost literally knocked his brains out — but since it is an old American custom and good sportsmanship, Liston first shook hands with his adversary!

## COLEMAN ABSENT

Since Mr. Coleman was not present at Ole Miss at that time with Paul Johnson, nor at Ole Miss later when Lt. Gov. Johnson stood toe to toe with fellow Mississippians amid tear gas and smoke for three days and nights, we agree that someone should tell Mr. Coleman the "whole truth". Mr. Coleman, as a lawyer should, however, know that the U. S. Federal Court did not find Mr. Johnson guilty of contempt; threatened him with imprisonment, and fined him \$5,000.00 per day for just a friendly handshake with a Federal Marshal! (The U. S. Government is still waiting to try him on another contempt charge, arising from Oxford).

If there is a doubt in your mind, Mr. Coleman, we believe the voters of Mississippi will explain it more fully to you on August 27th.

LET'S TELL MR. COLEMAN ON AUGUST 27TH BY MAKING IT A LANDSLIDE FOR PAUL!

RUSSELL ELLIOTT is pictured as he discusses the expansion of the Delgado Trade School with its president Marvin Thames.

## TO THE PEOPLE OF HANCOCK COUNTY

I have put in considerable study of what is most needed by our people of Hancock County.

We are living at an age now where both young and old must have an education in order to demand the higher wages that are being paid throughout our country. Everyone is not qualified to hold a job in the scientific field or to be a professional person, and in order to qualify to earn maximum wages they must have a trade, preferably skilled trade or technical knowledge.

I have in mind as one of the main planks of my platform to establish a trade school and technical institute in Hancock County, such as Delgado Trade School in New Orleans. To this end I have made considerable study and have been assured by Mr. Marvin E. Thames, President of the Delgado Institute (and his staff) that they will work with us in getting this school established.

The greater portion of this money is awaiting in Washington, and we have been promised all the assistance and aid we need through our Congressmen and Senators in Washington.

My reason for not bringing this out further is, I thought my predecessor should have made some effort to establish a trade school in Hancock County whereby our citizens can be assisted in securing better jobs with higher wages.

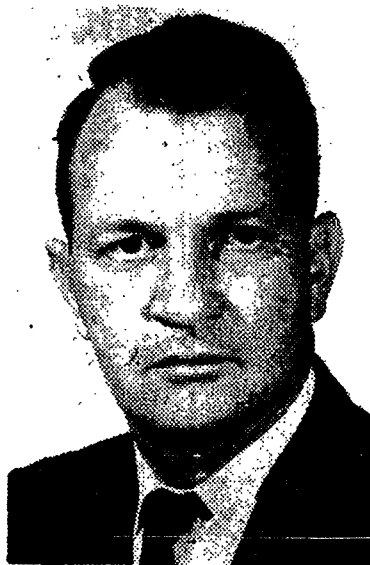

With the locating of the NASA Test site in Hancock County and Michoud Plant nearby, thousands of skilled employees will be hired, the greater percent of these people will come from other parts of the State and nation unless a trade school can be established in our area whereby our local citizens can qualify for these jobs applications.

This will be one of the first jobs that I will undertake as your new Board of Supervisor of Beat 5.

Sincerely  
RUSSELL J. ELLIOTT

LET'S FOLLOW THE WISHES OF THE MAJORITY  
SUPPORT AND VOTE FOR RUSSELL J. ELLIOTT  
ELECT ELLIOTT SUPERVISOR!

When selecting your Supervisor of Beat 5, you should consider the man who has best schooled himself for the problems that will be confronting this area in the days to come. A man who is physically fit and mentally alert to lead our county forward in this changing era. A man whose farsightedness has been exhibited and who has been willing to properly prepare himself to best serve Hancock County.

Russell Elliott has definitely proved himself to be a man of sound judgement and action, by his untiring devoted efforts in behalf of his community and people.

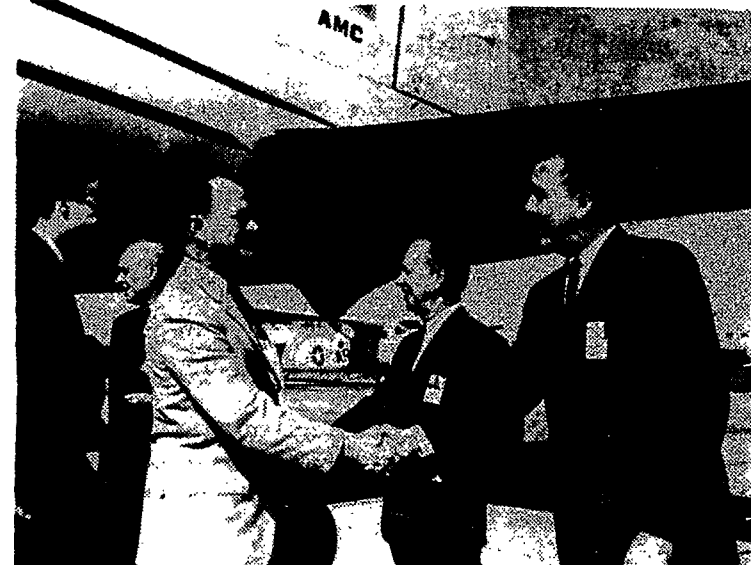

These are not mere words or political promises.

WE WILL GREATLY APPRECIATE YOUR VOTE AND SUPPORT FOR RUSSELL ELLIOTT IN HIS RACE FOR SUPERVISOR OF BEAT 5, HANCOCK COUNTY.

IN FIRST PRIMARY THE MAJORITY VOTED FOR A CHANGE!!

Please meet my family, who join with me in sincerely requesting your vote. Four good reasons why Russell Elliott will sincerely, honestly and conscientiously fulfill the duties of Supervisor.

RUSSELL ELLIOTT, candidate for Supervisor Beat 5, has been familiarizing and equipping himself with knowledge of the "NASA" County Conversion and local problems.

## TO THE PEOPLE:

Please let me thank you for your patience and the consideration shown me throughout this entire campaign.

As you know, many candidates in their over anxiety to be elected act entirely opposite to their true character, spreading rumors, half truths and exaggerating truth in an effort to elevate their position or to demote an opponent. Of this I have not been guilty, but I wish to apologize for my political opposition and some of his constituents and to assure the people that I hold no ill feelings towards anyone and will always have the betterment of our Great Community foremost in my heart.

It is quite obvious by the results of the 1st primary that the Majority has voted for a change. The voting trend made this apparent, and I received 1263 votes against Mr. Hubbard's 1271 votes. This is the Final Official Count as quoted by Mr. Lamar Otis and reported to Jackson. It must be realized that this is only 8 (eight) votes difference. Whereas my opponent stated that he has increased his vote 10 percent over the 1st primary of 4 years ago, I also have a 10 percent increase over Mr. Hubbard's vote of the first primary of 4 years ago, and approximately 250 percent over his opponent of 4 years ago.

I assure you, if elected, I will give the operating of Beat 5 back to the people, and not a selected few.

I humbly request that all citizens join with me in my vie for Supervisor and when elected that you will lend your views and assistance in bringing our County foremost in this Era of potential prosperity and growth. The opportunity has been offered, please let me work for you in the capacity of Supervisor so that we can all receive the benefits so long awaited by Beat 5 and Hancock County.

Please accept my humble and deep appreciation for the tremendous vote given me in the first primary God willing, and with your gracious assistance of voting for me Tuesday, August 27th, I will be your devoted servant as Supervisor.

Wm. M. Colmer  
Representative  
D. C.  
Colmer:

is in further reference to the proposed Bayou Cowan Subdivision, Pearl River County, Mississippi, in which Mr. C. M. Hill Construction Company, Washington, Mississippi is interested.

the mortgage insurance risk placed upon the Jackson, Mississippi Insuring Office limits the commitments to those who are permanent employees of NASA. FHA financing is available for the permanent employees of the county. However, it is not available for temporary construction workers, who by the nature of their employment, would possess the long-term stability of employment needed in order to qualify for FHA mortgage financing. For example, in Harrison County growth of the Gulf Coast area, some of which may have been influenced by the start of the NASA facilities. No such development has occurred in Hancock and Pearl River counties.

From the above you will note that our Jackson office was not prepared to underwrite a development at this location for anything but a pretentious as a 1000-lots but prepared to give a site approval for a limited number of lots contained to a section of around 100 and would be willing to issue conditional commitments for five more houses provided the section in question meets all of our subdivision requirements for streets, drainage, water and sewage. This

would enable the sponsors to test the market on their own responsibility and if qualified buyers come under our definition of permanent employees desire to purchase their homes, firm commitments to such purchasers will be given.

Senator Stennis inquired about this matter and I am sending him a substantially similar reply.

Sincerely yours,  
P. W. BROWNSTEIN  
Commissioner

Editor,  
Hancock County Eagle  
Bay St. Louis, Miss.

Dear Sir:

In reference to our Phone conversation of this morning in which you so kindly agreed to publish a signed correction of the charge of reckless driving against me, I have written the following and trust you will give it the same prominence as was given the damaging report.

## TO THE PUBLIC AT LARGE

In reference of the charge of reckless driving against Miss Edna Isom in the accident occurring at the Bridge Sunday afternoon, I wish to make a correction. I was crossing the highway on a green light when the offending car ran through a red light signal, striking and practically demolishing my car and injuring the occupants.

The investigating officer stated the charge meant nothing, but just served as a summons to court.

I consider this false charge a black mark against my 40 years of careful driving, misleading to my

friends and damaging to my insurance status.

The driver of the offending car repeatedly told the officers that he "just didn't see the red light."

If you will kindly publish the above where it will be seen as it has been extremely embarrassing to me.

Sincerely,  
Edna Maria Isom.

## BANKS ASKING FOR SOCIAL SECURITY NUMBERS

Gulf Coast banks began mailing to more than 25,000 savings account depositors Friday requests for Social Security numbers, in compliance with a federal law which requires institutions and corporations that pay interest and dividends to secure Social Security numbers from their depositors, shareholders or members.

Corporations and financial institutions, according to the new law, will be required to report to the Treasury, beginning in 1963, interest payments and credits of \$10 or more annually, and to send a statement of the amount paid during the year to the depositor,

shareholder or member. This law applies to insurance companies, mutual funds, credit unions and other types of institutions and corporations as well as to commercial banks and savings and loan institutions.

Forms for obtaining a Social Security number, or a taxpayer identification number, will be made available to depositors and shareholders who do not now have a number. The use of identification numbers for tax purposes will avoid confusion in cases of individuals with the same name.

## TO THE VOTERS OF BEAT FIVE:

I am deeply grateful for the wonderful vote and support that you gave me for Constable of Beat Five.

I also sincerely appreciate the many friends who supported other candidates in the first primary who have offered their support in the second primary.

In the first primary I did not take part in any other race, and in the second primary, I want it known that I am running my race only and that I will not become involved in any other race.

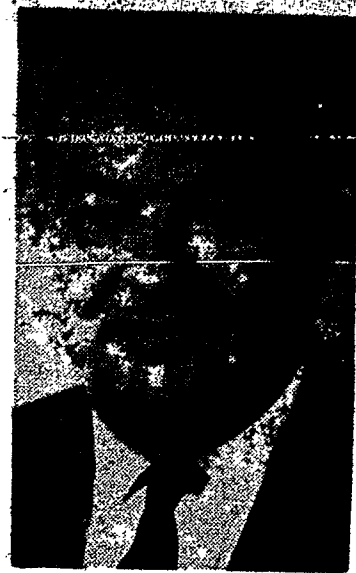

Thank You  
ARTHUR (PAT) GARCIA  
Candidate for re-election

## TO THE ELECTORS OF BEAT FIVE, HANCOCK COUNTY.

I extend my thanks for the generous support given me in my campaign for the office of Justice of the Peace, Post No. 2, in the first primary, on August 6, 1963, which resulted in my receiving more than 1400 votes.

I sincerely request the continued support and influence of those who voted for me in the first primary, as well as the vote and influence of others who may, for any reason, have voted for another candidate at that time.

# LOOK TO THE FUTURE

**R. G. (Manny)  
HUBBARD**  
SUPERVISOR-BEAT 5

With the impact of NASA, Hancock County must have its own Plans for Progress. The following objectives must be realized by the responsible officials in order to effect maximum gains for the citizens.

As Supervisor of Beat 5, I pledge full cooperation wherever necessary to help our growth.

## 1. PLANNING FOR EXPANSION

In view of the certain growth of our area, Supervisor Dean and I (Beats 1 and 5) have agreed to engage a firm of planning engineers to guide us in the expansion of county facilities and services such as drainage, sewerage, transportation network, etc.

## 2. PORT AND HARBOR COMMISSION

The Port and Harbor Commission, which the Board of Supervisors created recently, has engaged the engineering firm of Michael Baker & Associates to implement, by the first of the year, an industrial survey to probe the potential of Hancock County. With the development recommended by the engineers, we are expecting big things. This survey will be financed by the Board of Supervisors.

## 3. HOSPITAL ADDITION

A source of pride in our county is our new hospital, which has been in operation for three years. For the better part of a year it has been filled to capacity (and beyond). Recognizing the need for larger hospital facilities, several months ago the Board of Supervisors engaged engineers and plans are ready, waiting final approval of funds from the Mississippi Hospital Commission for an addition of 26 beds.

## HELIPORT AND IMPROVED AIRPORT

Steps toward creation of a new Hancock County heliport on the grounds of Hancock General Hospital were initiated a few weeks ago to cooperate with NASA. This facility would serve to bring workers into Bay St. Louis from the Mississippi Test Operations for hospital treatment, or for business.

Although our air strip is very much in use by residents, visitors and aviation enthusiasts, plans MUST be made for enlargement and improvement in order to meet the growing need.

As boom times come upon us, it is essential that the next four years be years of EXPERIENCED, PRUDENT management conducted with foresight.

With these principles in mind, I have worked closely with the NASA officials to prepare Hancock County's place in the Space Age.

Because of the opportunity for expansion and growth such as we anticipate in the immediate future, and your knowledge of my policies and experience in public office, I solicit your vote of confidence in my ability to manage your county affairs, and pledge CONTINUED PROGRESS.

**Robert Frank  
Ladner**

Hancock County  
Superintendent of Education

## EDUCATED and Qualified:

Graduated from Kiln High School, Pearl River Junior College, BS Degree and all requirements for Master Degree in School Administration from University of Southern Mississippi.

## Experienced:

Eight years as a Coach and classroom teacher in Hancock County and one year in Louisiana; 4 years administrative experience as Principal of Gulfview School; 2½ years employed as Agent, Special Agent and Staff Manager with an insurance company; former Boy Scout Master; Overseas Veteran of World War II.

## Dedicated to Dynamic Leadership:

- (1) Will co-operate harmoniously as a Partner and Executive Officer of the School Board to carry on a successful school program.
- (2) Will conduct the duties as Leader of the teaching Staff with fairness, integrity and statesmanship.
- (3) Will work to improve the curriculum, quality of instruction, Accreditation, and prestige of the County Schools.

Because both my wife and I are teachers and we have two children who are students, the Ladner Family is vitally interested in education in this County. It is our belief that the children of the County Schools deserve an education, comparable to the best available, which will equip them to meet the challenges of the space age.

We can no longer afford to indulge in mediocre methods and be satisfied with anything less than the best for our youth. The County Schools will need a man with vision, courage, integrity and a sound educational

philosophy to lead them in the troubled days ahead.

It has been my policy throughout this campaign to honestly present the facts in a dignified manner, and to earnestly solicit your vote and support based on my merits and qualifications. If elected, I shall work diligently with you to move forward towards a better educational program.

Thank you for your assistance

Sincerely,

Robert Frank Ladner

## We Need The Coleman Brothers Like We Need The Kennedys

Mississippians are suffering enough under the heel of the Kennedy brothers. For the four years of the Coleman administration (1956-60) Hancock County suffered under the Coleman brothers—Gov. J. P., and brother Boyce (an auto salesman of Pascagoula, Mississippi).

Although W. E. "Buck" Jacobs was District 8 Supervisor (Coast Area) of the State Highway Patrol, Boyce Coleman, brother of Gov. Coleman, was "unofficially" in control and command.

For four years this command set up "speed traps" on U. S. Highway 90, even within the City limits of Bay St. Louis, and arrested more tourists in one day than now are arrested in a month's time.

## Warrant Of Arrest Instead Of Greetings

During the Bay St. Louis Centennial Celebration in 1957 when we spent time, effort and advertising to invite people here, the Patrol was busy giving them a warrant of arrest as a greeting. Time after time the City officials, County officials, and civic organizations held meetings to discuss the situation, and appealed to the Governor's office, but to no avail.

## Official Wrecker & Repair Service

It will also be remembered that "it just so happened" that a majority of the cars involved in accidents on U. S. highway 90 in Hancock County were channeled through an elected official of Beat 1.

Hancock County, who was not even in the auto repair business, and the cars were towed to, and repaired in Picayune, Mississippi. (This official is also now campaigning for Coleman).

If you think this may not happen again should J. P. be elected, remember Brother Boyce is attempting to organize Hancock County for J. P.; his picture doing so was on the front page of the Sea Coast Echo, dated July 18, 1963.

It hasn't been easy for the Highway Patrol to build back respect lost by it during the J. P. Coleman rule. Neither can we ever recover the economic loss to the City and County, and may never recover from the bad publicity.

Yes, it's bad enough that Mississippi has to tolerate two brothers, Bobby and John. We need the Coleman brothers again like we need the Kennedys!

As far as fishing goes, it continues about the same, green trout and perch are still being caught while salt water fishing is improving somewhat.

According to reports, floundering is still good. Hard crabs are giving and are still plentiful. Unusual large crabs were seen as far up Pearl River as Logtown with the water in the river still being plenty salty.

Have been fishing Pearl River for the past 35 years, but this is the first time I have seen real large blue crabs up that high. Several were scooped up while fly fishing. Crabs are more plentiful than in the past few years. Soft shell crabs are not too plentiful but a few are being picked up.

Fishing in outside waters is getting better and a few good catches have been made out at the marshes.

A little cooler weather should improve speckle trout fishing. Trolling should be exceptionally good this fall. Don't overlook Jordan River from October on, for trolling for both fresh water and salt water fishing.

Made a trip to Leesville this weekend with Tony Enterante, Sr., Luke Elliott and Bill Sherman who visit that territory frequently. Red and speckle trout fishing is tops when the time is ripe. 4 large red fish, 5 pounds each, 4 small ones and some speckles were caught.

Tony said that this is an indication that fishing at this spot

will be at its best soon.

Found another good place Sunday when returning from fishing in the Industrial Canal behind NASA installations in Gentilly. Highway Speckles, bull crockers, etc., were caught. Midway Lounge owned and operated by George McHugh is an ideal place to stop after a hot day. George is a fisherman himself and was telling us of the big specks he and his wife catch and where to get them. The place is on Parish Road and old Gentilly Road. Service Supreme.

Met Ed Means, former resident of the Bay last week. Ed loves his fishing, but said he is too busy to go. There is time yet, Ed.

Wop Glover returned to his home in New Orleans after a two week vacation at the Bay. He spent the time fishing and looking after his hunting dogs which he will be using soon. Wop has come of the best registered hunting dogs hereabouts and gets his share of quail hunting. We'll be looking for that quail hunt Wop.

Tony Enterante, Jr., and yours truly enjoyed catching specks and large crockers Sunday in Industrial Canal. Tony leaves next week to attend school at L. S. U. at Baton Rouge this coming season.

Major and Mrs. Manuel R. Richardson and children returned to his base at Wichita Falls, Texas after a vacation spent with relatives here. Manuel, with Horatio Favre and Skeets Starita, enjoyed a trip to the marshes where they caught a nice bunch of fish. He also enjoyed catching hard crabs saying, eating them was better than catching them. Hurry back Manuel.

Trapani's Knock Knock Soft Ball Team won the championship Sunday, defeating Reinike's Dirt Dobbers in a 11 inning game by the score of 4-3.

The soft ball play off is now going on.

Duck hunters of Louisiana and Mississippi were happy to learn of new regulations announced last

## STATE DEMOCRATIC EXECUTIVE COMMITTEE REMINDS VOTERS

The Mississippi State Democratic Executive Committee met in Jackson one week after the first Democratic primary to canvas the results of the primary. At that meeting the following resolution of interest to all Mississippians, was adopted by the Committee:

"Whereas, this Committee has heretofore appointed Tom M. Garrott of Tunica, Mississippi, Chairman of its Public Information Committee and

Whereas, the said Tom Garrott has done yeoman service in giving wide publicity to the applicable statutes pertaining to party primaries in the State of Mississippi; and

Whereas, this Committee is grateful for and indebted to the said Tom M. Garrott for this outstanding service to the Mississippi State Democratic Party;

Now Therefore, Be It Resolved, that this Committee approves and endorses the public statements heretofore released by the said Tom M. Garrott as Chairman of its Public Information Committee, and does hereby express its sincere appreciation and thanks for a job well done.

Be It Further Resolved, that

week by the U. S. Interior Dept. Last year the hunters were restricted to a daily bag limit of only two ducks and the season was only 25 days. This year's season will last 35 days and the bag limit will be four ducks including two mallards. Disgusted duck hunters who gave up hunting because of the limit on ducks and the short season will probably get out the old shooting iron and start all over again.

## LOCAL SPORTSMAN

JOE KERN

Joe is one of our younger hunters and fishermen. He catches his share of fish and gets his share of game, thanks to his trustworthy boat and "Pretty Boy" his Labrador retriever. Joe and the madam do their share of floundering and soft crabbing. Janell is good at most sports and enjoys them with her husband. Joe returned last week from his annual 2 week hitch in the Army.

this Committee, by virtue of this resolution, does hereby call to the attention of the voters of this state and of all parties conducting the August 27 primary:

1. The August 27 primary is in reality an exclusive primary of the Democratic Party of the State of Mississippi and only Mississippi Democrats, who intend to support the nominees of the Mississippi Democratic Party in the General Election in November 1963, have a legal right to participate.

2. Every candidate on the August 27 ballot is a Mississippi Democrat who has qualified for the Democratic Primary with the proper Democratic Committee.

3. The August 27 primary is being conducted as a means of selecting nominees to represent the Mississippi Democratic Party. This primary is for Mississippi Democrats exclusively, and when a voter participates he is legally

and morally bound, according to Mississippi law, to intend to support the Democratic nominees in the November 1963 General Election.

4. As the State Executive Committee of the Mississippi Democratic Party, charged with the responsibility of conducting the primaries of the Party, we hereby remind the voters of this state:

a. If you participated in the Democratic Primary on August 6, then, that by so doing, you indicated your intention to support the nominees of the Party at the November 1963 General Election.

b. If you do not intend to support the nominees of the Mississippi Democratic Party at the November 1963 General Election, that you will not participate in the primary election to be held by this party on August 27;

c. If you do participate in the

VOTE FOR

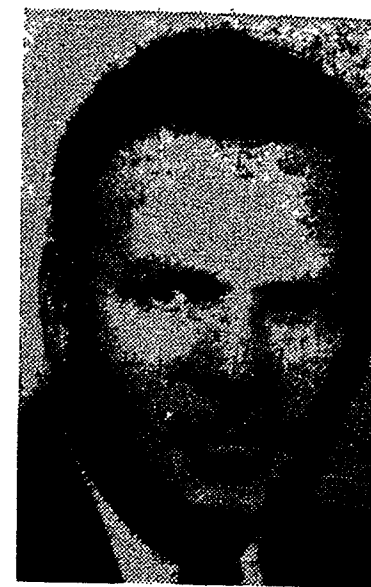

# JAMES A. RESTER

FOR

# STATE SENATOR

43RD SENATORIAL DISTRICT

(Hancock & Pearl River Counties)

YOUR LEADING CANDIDATE

TO THE VOTERS OF PEARL RIVER AND HANCOCK COUNTIES

This is my final message to you before you cast your vote for Senator in the second primary to be held this coming Tuesday, August 27, 1963. I have made a very sincere and active campaign based upon highest ideals and I now approach the second primary with a clean conscience and a kind feeling for all of my opponents.

They, in turn have conducted a worthy campaign and I hold each of them in high regard.

I wish to further state that I have strictly campaigned for Senator Only and have honestly and conscientiously refrained from participating in any manner in any other campaign. I stand today as I stood in the beginning on all issues that have been discussed. If you honor me as your next Senator, I pledge the same unwavering and loyal service in the coming four years.

GRATEFULLY,  
JAMES A. RESTER  
Candidate for State Senator

"Judge a man by his past," says J. P. Coleman. Do you recall that, for political reasons, Ex-Gov. Coleman failed to appoint a representative for Hancock County on its important Seafood Commission for over fifteen months?

Under the Barnett-Johnson administration, the Commission was re-organized and Hancock County had three representatives. The industry was revitalized and more shells have been planted and more oysters harvested than previous history.

VOTE FOR PAUL B. JOHNSON, FOR GOVERNOR

Baldwin County, Ala., produced more pulpwood than any other county in the South during 1962, with a total of 208,500 cords. Union Parish, La., was second with 176,000 cords. More than 100,000 cords apiece were harvested in 23 other Southern counties.

## Nice Things Happen to Systematic Savers

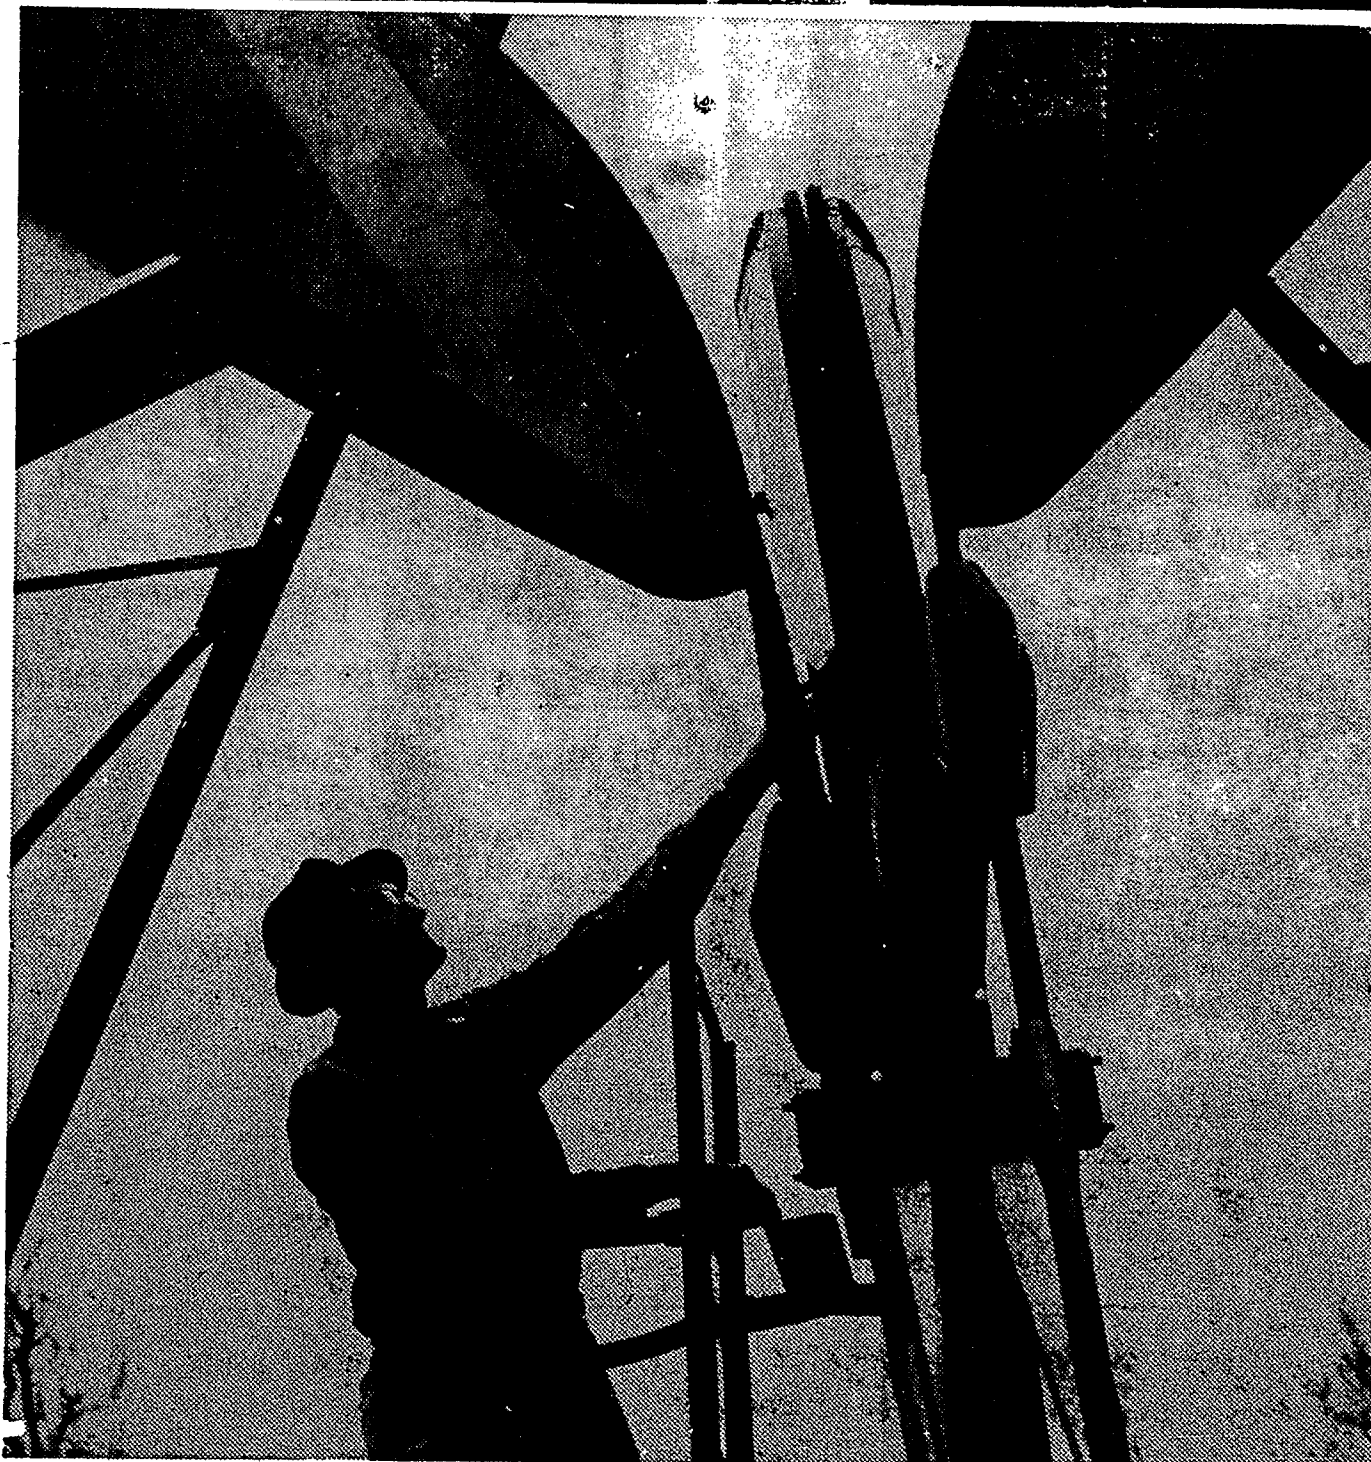

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations. Often the answer is not to be found in the size of their income, but in what they DO with it! By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) where their money earns interest.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Never has there lived a man who accomplished all he wanted to do... or went everywhere he meant to go.

Time and Distance like prison walls surround every life, ultimately frustrating man's hopes and dreams.

We are told that science is finding ways to multiply time, to divide distance. A gadget can save you an hour. A jet will cut your journey in half.

But should the day come when man can live to 150, and a round-trip to the moon will be called "commuting" — we'll still be living within the same walls... time... distance...

In fact, the only hopes of mankind which ever reach beyond these walls are our religious beliefs. In our churches we come to know the Eternal, the Everywhere. Faith dissolves frustration.

Life is more than a quest for speed... a conquest of space. Come to Church — and see!

# WHO IS HUBBARD RUNNING AGAINST ORTTE OR ELLIOTT?

HUBBARD SAYS COUNTY GOING BROKE! AS STATED IN THE THURSDAY, APRIL 4TH 1963 ISSUE OF THE SEA COAST ECHO. BOLD PRINTED HEADLINES ON FRONT PAGE.

Check the records, with a tremendous increase in taxes over the past 11½ years the County is going broke. As quoted by Hubbard in the April 4th Sea Coast Echo issue "maybe we'll get some pennies from heaven."

"I say we're going bust." "Going? we're already bust," answered Dean.

County Assessment increased in the past 12 years from approximately 1 & three-fourth million to approximately 7 million today in Beat 5, with a comparable increase of taxes paid into the County Treasury.

Hubbard had no noticeable road improvements or hardsurfacing without State Aid or Bond issue. On August 27th, 1960 a proposed bond issue for \$175,000.00 was voted down, even then Hubbard did not have the confidence of the people.

Where was the millions of dollars of regular tax money spent throughout his tenure in office? All major improvements have been accomplished by the State, except this last display over the past few months, which was done just prior to election by a \$200,000.00 Bond Issue Hubbard pushed on Beat No. 5 alone against the voters' wishes. The majority voted it down! This Beat 5 has yet to pay back.

Did not Ortte rebuild Beat 5 after its destruction by the 1947 Hurricane? Did not Ortte keep taxes down, throughout his entire 12 years, but kept the Beat in better condition than it is now without a tremendous assessment or high taxes?

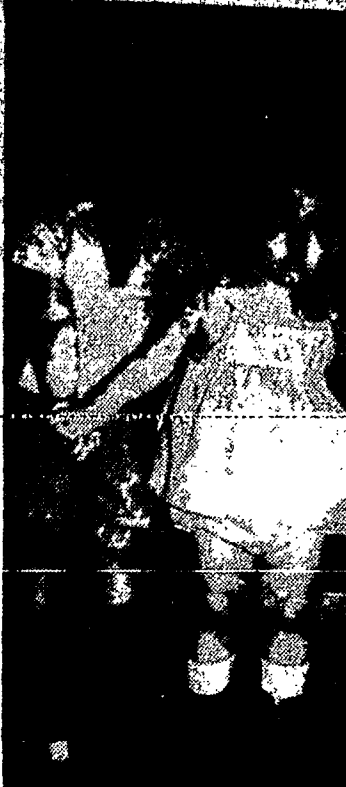

Was not Ortte a friend of the people, courteous and considerate of others at all times, concerned over each individual's problem and welfare? Did Ortte's workmen cut grass with Jo-Jo's while the Seawall Road was falling down?

Having lived here all my life, I am 72 years of age, following County activities closely, and with all things considered during his administration (The depression time, the war time and the hurricane destruction Ortte made a far better Supervisor with what he had to work with than did Hubbard with his high taxes, prosperous living conditions and bond issues.

Yet I say, Russell Elliott, Ortte's son-in-law deserves no credit for Ortte's excellent record, nor should he be penalized by Hubbard's false statements against Ortte!

Again I ask, "WHO IS HUBBARD RUNNING AGAINST, ORTTE OR ELLIOTT?"

Respectfully submitted  
LEON J. FARVE

# True Or False?

FORMER SUPERVISOR DEFENDS REPUTATION!

Ed. P. Ortte answers Mr. M. Hubbard's false accusations.

Mr. Hubbard in seeking re-election is trying to elevate his position by degrading my record and reputation as a former Supervisor of Beat 5.

I am 66 years of age. An Elected Member Of The Hancock County School Board, and devoting as much time as necessary to school activities. I am happy to donate this service even though we receive No Financial Remuneration. Also I am Owner and operate several Motion Picture Theatres, Treasurer of Allied Theatres of America, Member of the Board of Directors of the Theatre Owners of America, Presently Chairman of the Board of Directors of the Mississippi Theatre Owners and Vice President of the Plaquemine Oil and Development Corporation of New Orleans, La.

I enjoy a splendid reputation with my business associates and in defense of same, I have been forced to answer these False Statements of Mr. Hubbard. I served from 1940 to 1952, for 12 years, as Supervisor of Beat 5. During all my years in office and through all election campaigns I have never been accused of taking graft, cutbacks or any irregularities. But Now 11½ years Later, Mr. Hubbard is trying to paint me as a real shady character to better his position.

The most vicious, well-planned, mud-slinging strategy has been used to spread false rumors to the effect that I had misappropriated funds and the State Auditors had sued me and I had to refund the County a large sum of money. Then to make it more conclusive and in trying to prove that these verbal accusations of Mr. Hubbard, and his political campaigner's, were true in his last week's editorial he stated,

"Beat 5's first State Aid Road was built three years ago. The previous administration (before 1952) received State aid (then called PORK BARREL), but no road was built and the State Auditors sued the Board of Supervisors for Misappropriation of Public Funds"

Hubbard made certain not to state the details of the outcome of this law suit.

His intent was to make the people believe that I, and the Board of Supervisors were found guilty. Now the facts and real Truth regarding the Law Suit Were As Follows:

The State did give the Board of Supervisors Refund Money called "The Pork Barrel Fund". It was necessary for each Board Member to designate exactly where his share would be spent. I designated my portion would be used on the Lakeshore Road and others. THIS I MOST POSITIVELY DID! I hard-surfaced the Lakeshore Road from the Beach to Highway 90. This Lakeshore Road is also one of the hard-surfaced roads Mr. Hubbard stated was not hard-surfaced during my administration.

Quoted here is an excerpt from the law suit, Mr. Hubbard has so drastically stressed during his campaign and referred to in his last week's editorial:

"In Cause No. 5681, entitled Carl N. Craig, State Auditor VS. John B. Wheat Etal,

No Allegation was made by the State Auditor in the bill of complaint that any funds were misappropriated or mis-used on any of the roads or bridges in Beat No. 5"

Members of Beats 1, 2, 3, 5 were not charged with any wrong doings. The State Auditors raised the question of misappropriation of funds only in Beat No. 4, but to institute the Suit it was necessary to involve the entire five board members. The same will happen if The State Auditors Should Raise The Question Whether Or Not Mr. Hubbard Mis-used Money From The Recent \$200,000.00 Beat 5, Bond Issue on private roads or any objects not specified or designated.

To further emphasize these insinuations of Mr. Hubbard, he has his campaigners going around with a paper pointing out his recent editorials of half-truths.

This suit was first tried in the Court of Honorable Judge D. M. Russell Sr., (one of the most highly respected judges, who ever served in the entire State of Mississippi).

His decision was:

"In The Decision Rendered By Judge D. M. Russell Sr., In The Case In The Chancery Court Of Hancock County, The Board Of Suptrvisors Were Held To Be Innocent Of Any Mis-use Of Funds."

The case then went to the Supreme Court and the Supreme Court of the State of Mississippi affirmed Judge D. M. Russell's decision and stated further as follows:

"The Sole Question For Decision Of This Apal, In View Of The Conclusions We Have Reached, Is Whether This Money Was Appropriated To A Lawful Or Unlawful Object. No Fraud Or Wrongdoing Is Charged. Nor Is It

Claimed That The County Did Not Get The Full Adequate Benefit From The Money So Expended."

The Supreme Court in their opinion then held that the monies so used were used for a lawful object and that the Board of Supervisors did not mis-use or mis-appropriate said money.

Yes, the public can now see how Mr. Hubbard used, abused and twisted the Law Suit with intent to belittle me and defame my character, in an attempt to be re-elected.

In the last edition of the Sea Coast Echo before the 1st Primary knowing it would be too late for contradiction, he stated "This is the first time in the History of Beat 5 that roads have been hard-surfaced by a County Supervisor". This also was a false statement because during my administration, the Lakeshore Road was hard-surfaced, most of the streets of Clermont Harbor were hard-surfaced and the Beach Road from St. Charles Street to the Yacht Club was filled, raised and hard-surfaced after the destruction of the 1947 Hurricane by THE BOARD OF SUPERVISORS. All this without extra Taxes and without a Bond Issue. Also the Road from the Railroad at Waveland Ave., to the Old Spanish Trail was hard-surfaced before Mr. Hubbard went into office. These facts certainly disproves his false statements, and leads us to wonder just how many of Hubbard's statements were true or false! However these statements went unanswered, But When Mr. Hubbard in his editorial of last week attempted to Maliciously Defame My Reputation by stating no hard-surfaced roads were built before he went into office and the only state aid money handled by me was mis-used or mis-appropriated and that I was sued by the State Auditors, he forced me to come back this week in an attempt to defend my reputation.

For further information of proof:

"The Supreme Court's Decision was Rendered On October 8th, 1951, In The Case Of Carl N. Craig, State Auditor VS John B. Wheat, Etal.

A Copy Of This Opinion Is Contained In Cause No. 5681, Chancery Court Of Hancock County, And Can Be Read In All Its Entirety By Those Desiring To Do So." Completely exonerating me and the entire Board of Supervisors of the Board prior to 1952.

Mr. Hubbard intimated that as a prior Board we held back payment of the Seawall indebtedness and takes full credit for the payment of this debt, of over \$1,000,000.00, But Again This Is Just A Half Truth. What he did not tell is that he had no choice or jurisdiction over the retirement of these Seawall Bonds. "As in the General Laws of the State of Mississippi in 1948 on Page 189, it was adopted by legislation that the refund money from the State be earmarked for this definite purpose and made it mandatory that the Bonds be retired as they came due."

Certainly further proof of the falsehood of these insinuations was given as recently as 1960 when I was elected in the First Primary over two highly respected opponents from Beat 5, to serve on the School Board. My only campaign issue was to run on the Merits Of My Record Of 12 Years In Office As Your Beat 5 Board Of Supervisor Member. Surely I would never have been elected by the people who knew me best to an office whereby the Disbursement of School Funds, Hiring of teachers and employees, actually handling every phase in the operation of the County School System of this District and Hancock County, were not my reputation perfect and my character unimpeachable so as to deal with and for our most cherished possessions, OUR CHILDREN. Nor were these accusations true would I have so recently as May 1963 received a plaque reading:

## E. P. ORTTE

IN GRATEFUL APPRECIATION FOR OUTSTANDING SERVICE"

This honor was bestowed upon me in reference to my School Board Activities.

I had no intention of mixing into this election for reasons of my health and not to be distracted from my personal businesses, but I have been pulled into this by erroneous charges and false accusations against me, which I regret very much. As I Am Not Guilty Of These False Rumors, and I feel that same should be answered so as not to reflect upon my reputation.

Again I wish to apologize for having been forced to print this defensive article in protection of my reputation, but as a business man and as an elected Member of the Hancock County School Board, representing this district, I felt that the FULL AND TRUE FACTS SHOULD BE PRINTED.

Ed P. Ortte

ELECT A MAN QUALIFIED BY EDUCATION AND EXPERIENCE AND PROVEN IN PUBLIC OFFICE AS YOUR SENATOR FOR THE 43RD SENATORIAL DISTRICT.

TO THE VOTERS OF HANCOCK AND PEARL RIVER COUNTIES

In asking for your support and vote, I humbly but confidently submit for your careful consideration the following qualifications:

I am a native and life long resident of Hancock County and have throughout my adult life attempted to direct my efforts in every way possible to the betterment and progress of my community. I am a graduate of Tulane University and it was my happy privilege to have taught and coached in the public schools of Hancock County and at Pearl River Junior College. I had served on the Board of Trustees of the Bay St. Louis Separate School District, and was the first Youth Court Referee appointed in Hancock County. I am a past President of the Mississippi Planning Conference and the Coast Municipal Officials Association and was recently elected President of the Mississippi Municipal Association. I am a member of the Advisory Committee of the National Rivers and Harbors Congress and at the present time in my tenth year as Mayor of the City of Bay St. Louis.

The knowledge and know-how born of experience gained during some twenty-five years of dedicated service to my community and State, as a private citizen and as a public official, clearly indicates beyond any doubt that I am well qualified and prepared to effectively and successfully carry out the duties and responsibilities of this important office. ELECT A MAN WHO IS QUALIFIED BY EDUCATION AND EXPERIENCE AND WHO HAS PROVEN HIS ADMINISTRATIVE AND LEADERSHIP ABILITY IN PUBLIC OFFICE.

**ELECT  
JOHN A. SCAFIDE  
AS YOUR NEXT SENATOR**

THURSDAY, AUGUST 22, 1962

BY MICHAEL LANG

As always, the best should be saved for the last, but in such a case as this the best could only come first, because that's where it belongs.

After a lot of patience and work Trapani's finally came up as the tournament victor Sunday at Elwood Memorial Park. They always, that is in the last few tournaments managed to get into the finals but were unsuccessful in the final game which can be understandable because of never getting a bye like some of the teams who won the tournaments.

Trapani's beat CYO in the finals 4-0 to come with their victory. The game was a hard one but as always both teams knew how to play it, not as a ball game for blood or humiliation but as a game of sport and fun which everyone enjoyed. It was a truly good game but the game so many are talking about, of the tournament was between Reinike's and Trapani. Trapani's took the game 4-3 in a hard fought battle of 11 innings. Reinike's, the so called hot team had only cold feet when they came in each inning to try and get those runs, but they just didn't have it, never have had it, and never will, that is the cool headedness the Trapani's boys have. A few tricks were pulled by Reinike's but it hardly made a difference, in fact, it made no difference to Trapani's, better than the best, came out on top and victor of the tournament.

Going into the 11th inning with a lot of tension the no-nerve Trapani's held out and came up with a splendid victory to strangle Reinike's 4-3. Trapani's, being almost worn out from the game, went on to play a much harder opponent, the CYO, who just came out of a

game with Southern Realty in another good game whom they beat.

Southern Realty isn't a bunch of softies. It was a hard fought game which the CYO took 7-6 between sportsmen. It was a very good tournament over-all except maybe for one game when blood meant more than fun and sportsmanship, but the victory came out on top just like a story book.

Was reading our competitors paper, and I do, I came across a letter to the editor which was signed by Bridge Farmer. It stated some people using the highway bridge have little respect for the next guy. It brought out a very fine point which none of us should forget. The bridge does not belong to anyone in particular but it represents everyone's property and I am sure that none of us would mess up our homes and yards by laying trash all around the place so why leave it on the bridge so that the next time you come out it makes your fishing miserable. I'm not saying that everyone does this or that people do this on purpose but sometimes we

LEGAL NOTICE  
PUBLIC NOTICE

Notice is hereby given that the Board of Supervisors of Hancock County, Mississippi, invites sealed proposals for an oil, gas and mineral exploration and development lease covering the following lands, to-wit:

TOWNSHIP 9 SOUTH, RANGE 15 WEST  
SECTION 16: ENTIRE SECTION  
Said lease shall provide for a primary term of Five (5) years from its date and as long thereafter as oil, gas or other minerals are produced from said land or land with which said land is pooled therewith; shall provide for a delay rental of one dollar (\$1.00) per acre per annum; shall provide for royalty of (a) on oil, one-eighth (1/8) of that produced and saved from lands; (b) on gas, including casinghead gas or other gaseous substances, produced from said land and sold or used off the premises or in the manufacture of gasoline or other products therefrom, the market value at the well or one-eighth (1/8) of the amount realized from such sale; (c) on all other minerals mined and marketed one-tenth (1/10) either in kind or value at the well or mine at lessor's election, except that on sulphur mined and marketed, the royalty shall be fifty cents (50c) per long ton; and said lease shall be in the form prescribed by the Board of Supervisors by order dated August 5, 1963, a copy of which prescribed form is on file and available for inspection in the office of the Chancery Clerk.

Sand, clay and gravel shall be specifically exempted from the terms and provisions of the lease. Sealed proposals must be filed with the Clerk of the Board of Supervisors not later than 10:00 o'clock A. M., on Monday, September 9th 1963, at which time they will be opened and acted upon; and the Board of Supervisors shall award the lease to that bidder making the highest and best bonus consideration offer, in the manner provided by law. The Board of Supervisors reserves the right to reject any and all bids.

By Order of the Board of Supervisors dated the 5th day of August, 1963.

STATE FORESTRY  
ASSN TO ASSIST  
LOCAL PRODUCERS

State Forester Jack Holman has announced that the Mississippi Forestry Commission recently entered into a cooperative agreement with the U. S. Forest Service whereby Commission foresters will supervise to gum naval stores producers under the Naval Stores Conservation Program.

Commission foresters will have the responsibility of assisting and

supervising all producers operating under the Naval Stores Conservation Program in the state. Anyone desiring additional information concerning this program should contact the local Commission forester, Holman said.

Pulping capacity in the South continues to rise. Daily capability of the region's pulp and paper mills increased by more than 1,000 tons, bringing the 1962 capacity to a record 52,000 tons a day.
